Demo Reel Breakdown

Cloth Simulation

00:03-00:10   Modeled, textured, and simulated a cloth falling on a rock in the wind
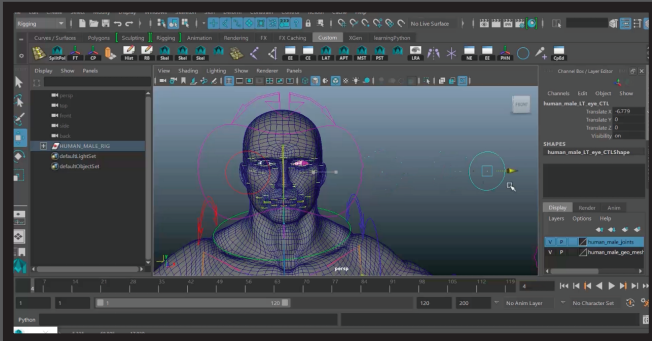

Facial Rig

00:10-00:27   Rigged and skinned the facial joints for a human figure
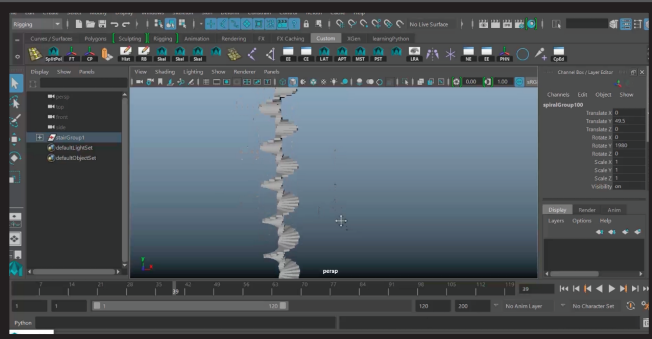

Cartoon Biped Rig

00:27-01:41   Rigged and skinned the model for squash and stretch using some Python, modeled by Jordan Lewers

Head Deformations

01:41-01:52   Rigged and skinned head for clean deformations

Python-Generated Models

01:52-02:14   Used Python to create a spiral staircase with 100 steps and a grid of robots
